Atlanta, GA | (404) 980 – 8897 | yulehung09@gmail.com | github.com/aaronhung3 | linkedin.com/in/aaronhung3

Education

Georgia Institute of Technology, Atlanta, GA

May 2026

Bachelor of Science in Computer Science | Concentration in Intelligence and Media

GPA: 3.03

Honors: Hope Scholarship

Georgia State University, Atlanta, GA

August 2021 – May 2023

Honors: President's List (4 semesters), Honors Student, Hope Scholarship

GPA: 4.07

Skills

Programming Skills: Java, Python, HTML, CSS, JavaScript

Framework/Tools: IntelliJ, VS Code, Eclipse, Android Studio, Postman, FastAPI, React

Other Technical Skills: Microsoft (Word, Excel, PowerPoint, Forms), Canva, Gimp

Languages: Chinese Mandarin, English

Soft Skills: Desire to learn, Respectability, Ability to work with others

Programming Projects

Electricity Consumption Tracker | *HTML, CSS, React*

August 2024 - Present

- Working with a team of 5 to implement a website that will help companies track and manage their electricity consumption per month
- Managing the design part of the project and pitching features that could be implemented

Dungeon Crawler Game | *Java, Android Studio*

August 2023 – December 2023

- Collaborated with coding team of 4 to create dungeon-crawler-style game for Android platform
- Oversaw and managed creation of the main page, character selection, and leaderboard UI
- Coded test files to ensure game functions such as character/enemy movement work properly

Algorithms | *Java*

August 2023 – December 2023

- Implemented algorithms using ArrayList, HashMaps, LinkedList, Heaps, Binary Search Trees, Pattern Matching techniques, and Graphs
- Learned about the logic behind each algorithm and applicable situations for each algorithm

Sushi Restaurant API | *Python, YelpAPI*

March 2023 – May 2023

- Utilized Python and FastAPI to create a web service that allowed users to search for all sushi restaurants of a selected city in the USA, and output all restaurant data into a JSON file
- Tested code and Yelp API using Postman to find specific outputs and manipulated data to create a JSON file that can provide specific information about restaurants

Work Experience

Foxconn (Hon Hai Technology Group) | Remote | *Intern*

June 2023 – September 2023

- Researched technology development articles and other companies' product development
- Wrote detailed summaries about AI development and reported findings to the product manager
- Compiled statistical graphs of technology advancements to enhance clarity of graphs

GSU University Career Services | Atlanta, GA | *Career Ambassador*

September 2021 – May 2023

- Advised students and alumni in career paths and promoted Career Center services and events
- Collaborated with affiliated departments to organize employer visits and career fairs
- Directed activities as lead ambassador and fostered positive teamwork environment
